BE SURE TO PUMP out your Tracker Bar once every week! During normal use, the holes in the Tracker Bar become clogged with dust and paper particles. Failure to pump out the Tracker Bar results in weak or inoperative notes and failure of rolls to track properly.

IF YOU CANNOT FIND the song you want, ask your dealer to order it by title rather than by catalog number. Remember—QRS is always the first with the latest in popular music!

COLLECTOR'S CELEBRITY VAULT

Its origins in Black culture and its growth into the popular music style of the Twenties is chronicled by Rudi Blesh and Harriet Janis in the book *They All Played Ragtime.* Here is a collection of rare piano roll performances by several of the great ragtime artists discussed in *They All Played Ragtime.* You'll enjoy the excitement of discovering the unique piano styles of such artists as "Fats Waller and "Jelly Roll" Morton, and you'll learn why these names with those of Scott Joplin and James P. Johnson are synonymous with the word "Ragtime". The original rolls from which these reissues were remastered are collector's items commanding from $30 to $100 at auction!

"Buy Me That Instead of a Diamond"

DID YOU KNOW that in 1922, QRS Rolls sold for $1.25? Compare that to today's cost and you'll agree that today QRS Rolls are a real bargain! Here's what QRS said in 1922 to justify their price of $1.25:

"It hurts us to charge a laboring man $1.25, but it would hurt us more to see a man smoking a 50¢ cigar, which is gone entirely in 20 minutes, or a woman with a $1000 fur coat on and so many diamonds that she had to be lifted into her Pierce-Arrow, get a high-grade music roll that will last a lifetime for less than $1.25!"

CHILDREN'S MUSIC

"I don't see how I could bring up the children without our Playerpiano. More and more each day I realize that music is the birthright of every child. To rob my children of this birthright, would be to deprive them of a beautiful influence which will help to mold their entire lives. When I remember that I can't play a note, I realize that the Playerpiano has lifted a terrible responsibility from my shoulders."

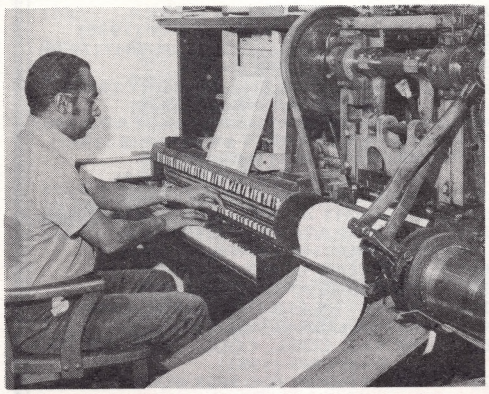
HOW Q·R·S ROLLS ARE MADE



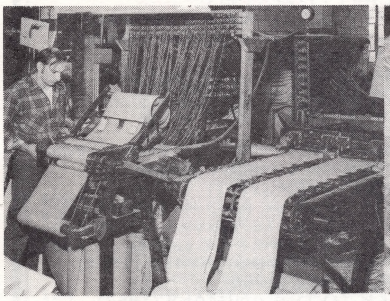
"Someone said that he supposed the reason that QRS was adopted as the name for music rolls, was because it aroused people's Q-R-oSity." This statement from the November, 1918 Bulletin reveals that the meaning of the initials QRS had already been lost just eighteen years after the founding of the company in 1900.

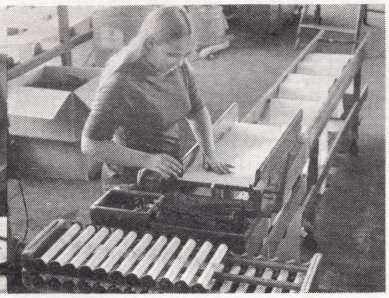
In 1920, the QRS publicity department created the slogan "Quality, Real Service" to explain the meaning of the letters. However to the shieks and flappers of the Twenties, QRS meant only one thing—hours of family fun singing the latest hit tunes around the Player Piano. Very little has changed at QRS since the Twenties. The original QRS Recording Piano and perforating machines are still used to make not only the latest pop tunes, but also the hits from every decade since the turn of the century.

Q-R-oSity is still aroused as to how Piano Rolls are made, and every year hundreds of Player Piano owners visit the QRS Factory in Buffalo, New York to learn the secrets of Piano Roll Recording.

The Recording Piano punches a cardboard Master Roll while the artist plays. Above the keyboard are "Stops" that hold down extra keys enabling the artist to create four-hand effects. Six to eight hours are required to cut a standard length Master Roll.

Above: Rudy Martin at the Recording Piano. Below: Perforating machine; Stamping title & tempo; Spooling.





After the artist has edited and approved the Master Roll, it is copied on Production Perforators. These high speed punching machines cut through 16 thicknesses of paper at one time and can make as many as 64 copies of the Master Roll in less than ten minutes.

Every QRS Roll then requires six hand operations before it is completed:

1. Title and tempo are stamped on each roll.
2. The leader of the roll is cut to a point.
3. An eyeletted tab end is glued to the point.
4. Sing Along lyrics are printed on each roll.
5. Each roll is spooled...
6. Boxed, labeled and ready to be shipped throughout the world to thousands of music stores that stock QRS Player Rolls because they *are* Better!

A SALUTE TO PETE WENDLING

Of the many great piano roll artists of the past, Pete Wendling is the most popular among today's Player Piano enthusiasts.

Pete was a brilliant rag-time pianist whose early career found him as a vaudeville accompanist and song plugger-composer for the publishing firms of Waterson, Berlin & Snyder and F. A. Mills.

As a roll artist, Pete first recorded on the Rythmodik label (Rythmodik later merged with QRS). "They were trying to tell me how to play," remembers Pete, "so I said to them, 'Get somebody else. I play a style and that's all there is to it.' But they kept me on."

The public quickly took notice of this promising new talent, and when Pete received the Richard K. Fox award for superlative rag-time playing, he was signed by Lee S. Roberts as a QRS artist.

Several of Pete's best performances on QRS Rolls appear in the SOUNDS OF THE TWENTIES section of this catalog:

Q-173 FOR ME AND MY GAL
Q-187 JAZZ BABY
Q-158 LAST NIGHT ON THE BACK PORCH
Q-160 MAMA'S GONNA SLOW YOU DOWN
Q-156 MAMMY
Q-119 MY MAN
Q-149 OH FRENCHY!
Q-185 OH KATHARINA!
Q-177 SWEET GEORGIA BROWN
Q-127 'WAY DOWN YONDER IN NEW ORLEANS
Q-144 WHERE DO YOU WORK-A', JOHN?

In addition to creating "blue" interpretations of hit tunes of the Twenties, Pete composed a few himself. Notable of Pete's 300 published songs are *Oh What A Pal Was Mary*, *There's Danger In Your Eyes Cherie* from "Puttin' On The Ritz" and his first sucess *Yaaka Hula Hickey Dula* introduced by Al Jolson in the 1916 musical "Robinson Crusoe, Jr."

QRS is proud to present Pete Wendling's own recording of *Yaaka Hula Hickey Dula* as it was originally released in 1915 on the Rythmodik label.

SOUNDS of the TWENTIES

During the Depression, the glitter and sparkle of the Roaring Twenties seemed like tarnished tinsel of a bygone era. The song hits of the Twenties disappeared from the QRS Catalog, and QRS rushed to substitute new arrangements of the old standards to conform with the "modern" styles of the Thirties and Forties. Thus few original recordings from the Twenties remain in the QRS Catalog, and today's player owners are often disappointed to find the Razz-A-Ma-Tazz of the Twenties missing from the newer arrangements. — — Suddenly, the Twenties are back in style, and here are all of those great songs back again exactly as they were originally issued! To the delight of everyone, these rolls are usually longer than their newer versions and yet cost no more! All of the lyrics are retained as they were in the Twenties. You may be surprised at the brazen racism and frank sexuality of some of these songs. It was indeed a reckless era of new moralities and social change! Today this important chapter of American history is preserved only by silent films, old Victrola records and of course..... QRS PLAYER PIANO ROLLS!

(Statements in quotes following roll titles are reprinted from the original QRS Bulletins.)

Three New Story Rolls from QRS!

All great music has a story to tell. Back of the harmony lies a tale —a tale told in music not words. The new QRS STORY ROLL bridges the gap of musical understanding. The story the music unfolds is printed on the roll so that you may read as you play. The QRS STORY ROLL is the "Moving Picture of Music" —it is a musical education —a music conservatory at home and last but most important —an idea which enables everyone to really get out of the world's great masterpieces of music that something that will make them live forever.

CARNIVAL OF THE ANIMALS

Music by Camille Saint-Saens

Odgen Nash has written very clever verses to describe the classic animal pieces by Saint-Saens and to explain why they were written:

"Camille Saint-Saens was racked with pains
When people addressed him as "Saint-Sains"
He held the human race to blame
Because it could not pronounce his name.
So he turned with metronome and fife
To glorify other forms of life..."

MOOG: The Electric Eclectics of DICK HYMAN

Played by the Composer Dick Hyman

Dick Hyman's album of MOOG music on Command records made the Moog synthesizer a household word. When Mr. Hyman expressed an interest in adapting his Moog selections for Player Piano, QRS welcomed the chance to demonstrate that a 70 year old entertainment medium could keep pace with today's psychedelic music. Dick Hyman has arranged four songs from his album especially for Player Piano, and while the Moog synthesizer is not heard on the piano roll, Mr. Hyman's recording captures that same eerie, unearthly sound that characterizes Moog music.

THE SORCERER'S APPRENTICE

Music by Paul Dukas

You'll never forget that classic tale of the "Sorcerer's Apprentice" immortalized by Walt Disney in the Mickey Mouse sequence of *Fantasia.*

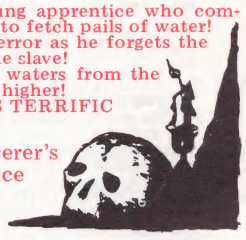
THRILL to the excitement of Paul Dukas's brilliant symphonic poem based on verses by Goethe!

BEHOLD the young apprentice who commanded a broomstick to fetch pails of water!

SHUDDER with terror as he forgets the magic words to halt the slave!

TREMBLE as the waters from the basin slosh higher and higher!

DON'T MISS THIS TERRIFIC ROLL FROM QRS!



††XP-163 The Sorcerer's Apprentice

A famous composer sums it all up when he says, "You can't possibly get the full musical value out of a player roll unless the story of the music is printed on the roll —so that you may read and understand as you play."

RECORDO ROLLS

FOR USE ONLY ON THE RECORDO REPRODUCING PLAYER PIANO!

RECORDO REPRODUCING ROLLS are Hand Played performances by great concert artists of the 1920s. These rolls have extra perforations along their edges which control the dynamics (louds and softs) of a player piano equipped with a RECORDO Player mechanism. When used on any other electric player piano, RECORDO expression holes may trigger automatic rewind or motor cut-off. If the classical selection you want is not listed on page 12 of this catalog and is available as a RECORDO Roll, you can play a RECORDO Roll on your electric player piano by placing Scotch tape over the left and right ends of your tracker bar in the areas of the expression holes on the roll. WARNING: The roll will not rewind automatically on any player other than a RECORDO!

FOR THE JAZZ COLLECTOR!

BIOGRAPH RECORD ALBUMS!

"With permission from the QRS Company, Biograph Records has commissioned Mike Montgomery to produce a definitive series of albums by the major jazz keyboard artists of the piano-roll era...It is a labor of love, and an expert thorough one...These albums were produced for the jazz collector, not the dilettante or the sound fanatic who'd rather hear the operating noises of the piano than the music itself...Five stars for Biographs, for a job masterfully done. Finally, whether you purchase none or all, at least dig the album covers. The first carries a reproduction of a QRS ad that lists many of the rolls "reissued" here; the others are rust-toned still lifes that defy adequate description but complement perfectly the professionalism of the entire production."
